Workshop on the coal value chain
30 September - 1 October 2010
Astana, KAZAKHSTAN

Agenda

Workshop material
Please note that the presentations held by the Kazakh sidewere originally in Russian and the ones uploaded here are the translated slides in English.

The 1st EU-Kazakhstan workshop on the coal value chain was organised under the framework of the EU-Kazakhstan Memorandum of Understanding on cooperation in the field of energy. The workshop brought together policy makers, industry and academia to share best practices and policies in the coal sector.
