

## Annex 3: Overview of horizontal measures implemented in 2014-2016

Table P3-1: Summary of horizontal measures in 2014-2016

Measure No	Title of measure	Financial mechanism/ Measure specifications	Responsible department/org anisation	Financing [EUR x 1 000]					
				EU	State budget	Cofinanc ing from state budget	Higher territoria l units, municipa lities, cities	Private resourc es	Total
7.1	'Energy auditor' training course	Aptitude test under Act No 321/2014 (previously 476/2008), including regular training	Ministry of the Economy/ SIEA	0	30	0	0	90	120
7.2	Raising the awareness of children and young people in the field of energy efficiency	Living with energy, SF 2007-2013, OP CEG, Measure 2.2, ESIF 2014-2020, OP QoE	Ministry of the Economy/ SIEA	3 214	0	567	0	0	3 782
7.3	Information campaign focusing on energy efficiency	Living with energy, SF 2007-2013, OP CEG, Measure 2.2, ESIF 2014-2020, OP QoE	Ministry of the Economy/ SIEA	7 500	0	1 324	0	0	8 824
7.4	Monitoring and Information System – interconnection with most energy efficiency support mechanisms	Operation of the SIEA, financing from the ESIF 2014-2020, OP QoE	Ministry of the Environment, SIEA	4 286	330	756	0	0	5 372
7.5	Draft legislative measures, amendments to legislative measures	Amendments to legislative regulations prompted by the European Parliament, Council and Commission and based on experience; clarification of the legislative framework for the use of energy services, particularly in relation to business in the thermal energy sector and public procurement	MoE/ SIEA	0	(B)	0	0	0	0
7.6	Energy Efficiency Act – Development of energy services (excluding energy suppliers)	Own funds	Energy service companies	0	0	0	0	0*	0*
7.7	Energy consulting	Provision of information on energy efficiency and on opportunities for project funding (Slovak Innovation and Energy Agency, Ministry of Economy consultancy)	MoE/ SIEA	0	1 300	0	0	0	1 300
7.8	Support for research and development in energy savings	Research assignments within the framework of the Scientific Grant Agency, the Slovak Research and Development Agency	MoE, Ministry of Education,	0	C)	0	0	0	0

Measure No	Title of measure	Financial mechanism/ Measure specifications	Responsible department/org anisation	Financing [EUR x 1 000]					
				EU	State budget	Cofinancing from state budget	Higher territorial units, municipalities, cities	Private resources	Total
			Science, Research and Sport						
7.9	Close monitoring of energy savings in projects supported by ESIF 2014–2020	Technical assistance under individual OPs	Central coordination body, managing authorities for individual OPs	632	0	0	0	0	632
7.10	Analyses of potential energy savings in sectors of the national economy	In the sectors: industry, buildings, transport, appliances, and energy transformation, transmission and distribution	MoE, Ministry of Transport, Construction and Regional Development, Transport Research Institute, CECED, etc.	0	B)	0	0	0	1 000
7.11	Analysis of energy efficiency support mechanisms in Slovakia		MoE, MTCRD, MoF, etc.	0	B)	0	0	0	200
7.12	Energy consumption modelling tool for the preparation of energy- and transport-related strategy documents		MoE, MEnv	0	0 D)	0	0	0	0
7.13	Energy efficiency targets and their influence on energy prices		MoE, Regulatory Office for Network Industries	0	B)	0	0	0	0
	<b>Total horizontal measures 2014-2016</b>			<b>15 632</b>	<b>1 660</b>	<b>2 647</b>	<b>0</b>	<b>2 829</b>	<b>22 768</b>

Note:

\* Situation at 25.1.2017. The value was included in the relevant buildings sector and public sector.

A) Energy savings cannot be quantified because the impact is indirect.

B) Expenditure cannot be quantified precisely; it is within the scope of the budget approved for individual headings.

C) Assignments approved in 2014-2016.

D) Financial arrangements for the implementation of the measure are addressed by the Ministry of the Environment in collaboration with the Ministry of Finance.
