**What about "CBP implementation"?**

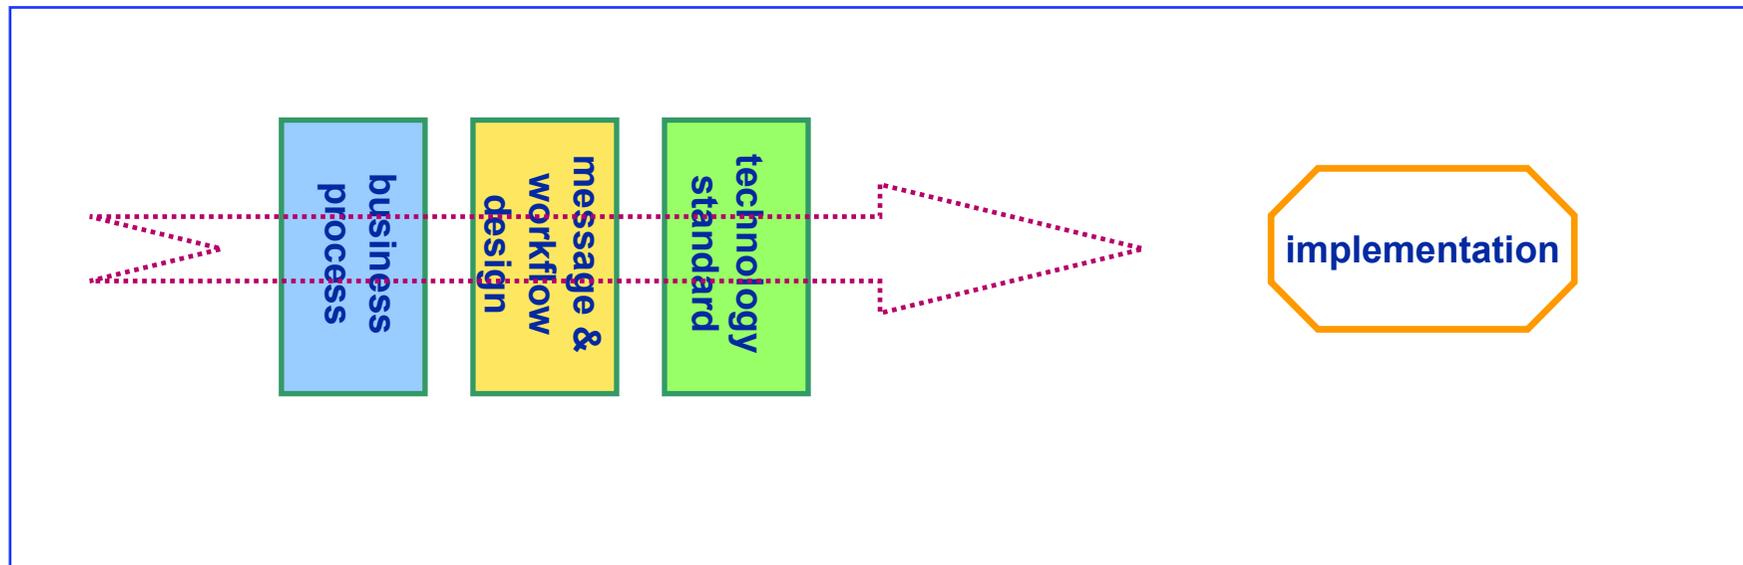

# EASEE-gas

**Reminder of EASEE-gas action plan**

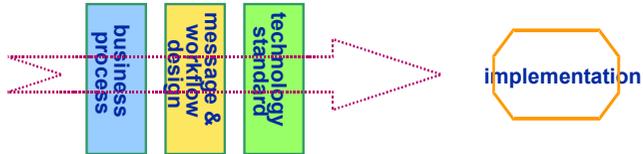

**What about "CBP implementation"?**

- CBPs aim to deal with "user oriented purposes", and with the whole description of the process:
  - business process,
  - message and workflow design,
  - technology standards
- Feedback indicates that implementation monitoring is essential

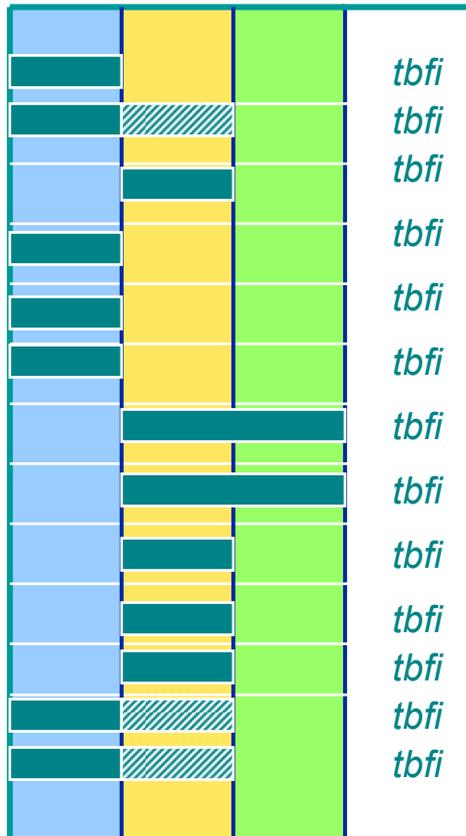

# EASEE-gas

**Reminder of EASEE-gas action plan**

**What about "CBP implementation"?**

- Make implementation easier
  - Help desk
  - Inform EASEE-gas members & partners for IT preparation
  - Set up a SPOC list for implementation per company
- Propose to monitor implementation
  - Set up a CBP preparation & implementation timetable  
(eg. "company x CBP")
  - Organize "EASEE-gas workshops" dedicated to implementation issues

- **GRI South**

- **CBP workshop, April 2008**
- **Spain in the process to adopt CBPs:**
  - **Harmonization of units**
  - **Harmonization of nomination and matching process**
- **Ministry to approve modification**

- **GRI South / South-East**

- **CBP workshop, May 2008**
- **Process in progress to update market rules in Austria**
- **Easee-gas has made contact with Gazprom**

- **GRI North / North-West**

- **Meeting GRI-NNW chair / Easee-gas, October 2008:**

- **Strengthening process of cooperation**

- **Coordination of European initiatives**
