

EURATOM ARTICLE 35-36 EXPERTS' MEETING 2018

18-19 SEPTEMBER 2018
MEETING ROOM 3 IN BUILDING 36, JRC ISPRA

AGENDA

- (1) Open (18 September 09:30)
(*F. Wastin, DG JRC / M. Hübel, DG ENER*)
- (2) Adoption of the agenda and administrative information
(*M. De Cort, DG JRC Ispra*)
- (3) Minutes and pending issues of the Euratom Art. 35-36 Experts' Meeting 2016
(*V. Tanner, DG ENER*)
- (4) Commission Article 35 verification programme
 - (a) Verifications carried out 2016-2018 (*V. Tanner, DG ENER*)
 - (b) Planned verifications 2018-2020 (*A. Ryan, DG ENER*)
 - (c) Call for tenders ENER/D3/2018-148 - Inventory of Member States' environmental radioactivity monitoring systems (*A. Ryan, DG ENER*)
- (5) European Atlas of Natural Radiation (*G. Cinelli, DG JRC Ispra*)
- (6) Presentations from national experts
 - (a) New public online tool to access the CSN's radioactivity environmental monitoring database (*S. Luque Heredia, Spain*)
 - (b) Polish radioactivity monitoring system including Ru-106/103 presence in Poland in October 2017 (*I. Matujewicz, Poland*)
 - (c) Italian environmental monitoring system (*S. Fontani, Italy*)
 - (d) Environmental monitoring of the radioactivity in France : How it is measured and reported in a reference website
(*N. Reynal/V. Bruno, France*)
 - (e) UK risk assessment process to define the monitoring around nuclear sites in relation to food safety (*S. Runacres, UK*)
 - (f) Update from Finland (*J. Lahtinen, Finland*)

- (g) Environmental Radioactivity - Monitoring Activities in Greece
(A. Maltezos, Greece)
- (h) Possible other presentations
- (7) Development of the RADD radioactive discharge database
(*S. Van Der Stricht, DG ENER*)
- (8) REM database developments 2016-2018 (*M. De Cort, DG JRC Ispra*)
- (9) Proposal of a new on-line graphical query tool for the REM database
(*M.A. Hernandez Ceballos and M. Sangiorgi, DG JRC Ispra*)
- (10) Dose assessment methodologies for the public on the basis of the environmental radioactivity data in the European Union (*G. Iurlaro, ENEA*)
- (11) Overview on ICS-REM exercises, lessons learned and their implications
(*M. Hult, DG JRC Geel*)
- (12) European ICS-REM (2017) on radioactivity in feed
(*K. Sobiech-Matura, DG JRC Geel*)
- (13) European ICS-REM (2018) on radon in water (*M. Hult, DG JRC Geel*)
- (14) Questionnaires to Member States (laboratories and authorities) on methods and legislation for REM (*K. Sobiech-Matura, DG JRC Geel*)
- (15) Discussion on future metrology support from JRC to MS laboratories that monitor environmental radioactivity (*M. Hult, DG JRC Geel*)
 - (a) ICS-REM exercises
 - (b) Reference materials for environmental radioactivity measurements
 - (c) Training in environmental radioactivity monitoring
- (16) Any other business
- (17) Close (19 September 16:30)

Coffee breaks AM and PM

Buffet lunch 12:30 – 13:30

Meeting dinner at the Ristorante Belvedere, Ranco (18 Sep.)
