- Regional Initiatives
- Consumer protection
- Citizens' Energy Forum (London)
- Energy Community
- Agency for the

Public consultation

Establishment of the annual priority lists for the development of network codes and guidelines for 2014 and beyond

- [Public consultation paper](#) [38 KB]

Consultation period

From **02/04/2013** to **13/05/2013**

Reason why the consultation period is less than 12 weeks:

As the consultation has to be done on a yearly basis and as the issues have been discussed already before at the Florence and Madrid Fora with the broader stakeholder community, a public consultation of 6 weeks is foreseen. Consulting for 12 weeks would be disproportionate as the exercise has to be repeated every year for the following year.

Günther Oettinger
Commissioner
for Energy

Philip Lowe
Director-General
for Energy
