

Project of common interest:

5.19

Gas interconnection

North-South gas interconnections in Western Europe

COUNTRIES INVOLVED

Malta (MT)

PROJECT PROMOTERS

The Ministry for Energy and Water Management (MT)

BASIC TECHNICAL DATA

Capacity: 2 bcma

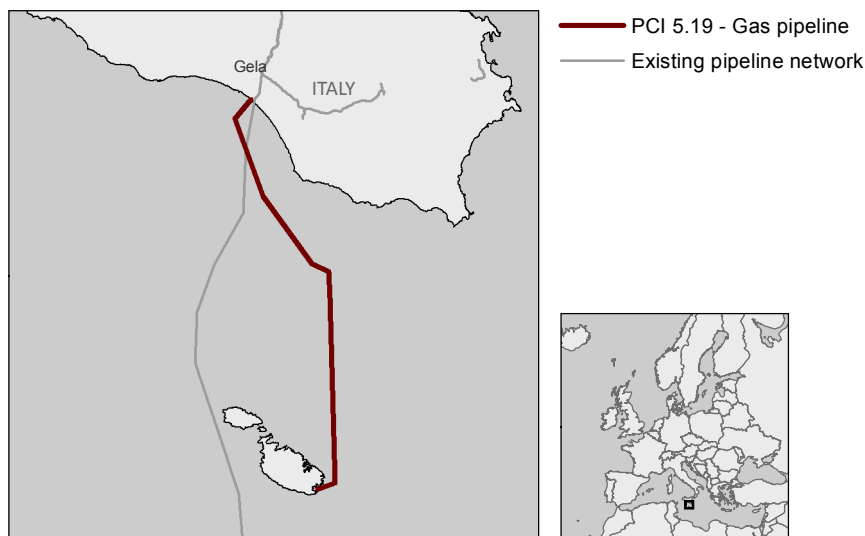

Length: 159km

LOCATION

MT to IT – interconnection point at Gela

COMMISSIONING DATE

2024

Source: PLATTS, GISCO, European Commission

Definition

5.19 - Connection of Malta to the European Gas network — pipeline interconnection with Italy at Gela

Type of technology employed

A 159 km gas pipeline interconnection between Gela (Sicily) to Delimara (Malta) including terminal stations (diameter of 560mm and daily capacity of 56 GWh/day); intended for the importation of natural gas from the Italian gas network to Malta.

Implementation status

Permitting

Financial assistance under the Connecting Europe Facility (CEF)

2015

Study

Route identification study including conceptual design and preparatory activities for the permitting process for a gas pipeline connection between Malta and Sicily.

Maximum amount of EU financial assistance: EUR 400,000
