CLEAN ENERGY PACKAGE

COAL REGIONS IN TRANSITION

SOCIALLY FAIR ENERGY TRANSITION

With the Clean Energy for All Europeans Commission commits to socially fair clean energy transition.

Delivering on **social concerns and job training** to ensure a socially fair energy transition

Commission Communication on Clean Energy for All Europeans

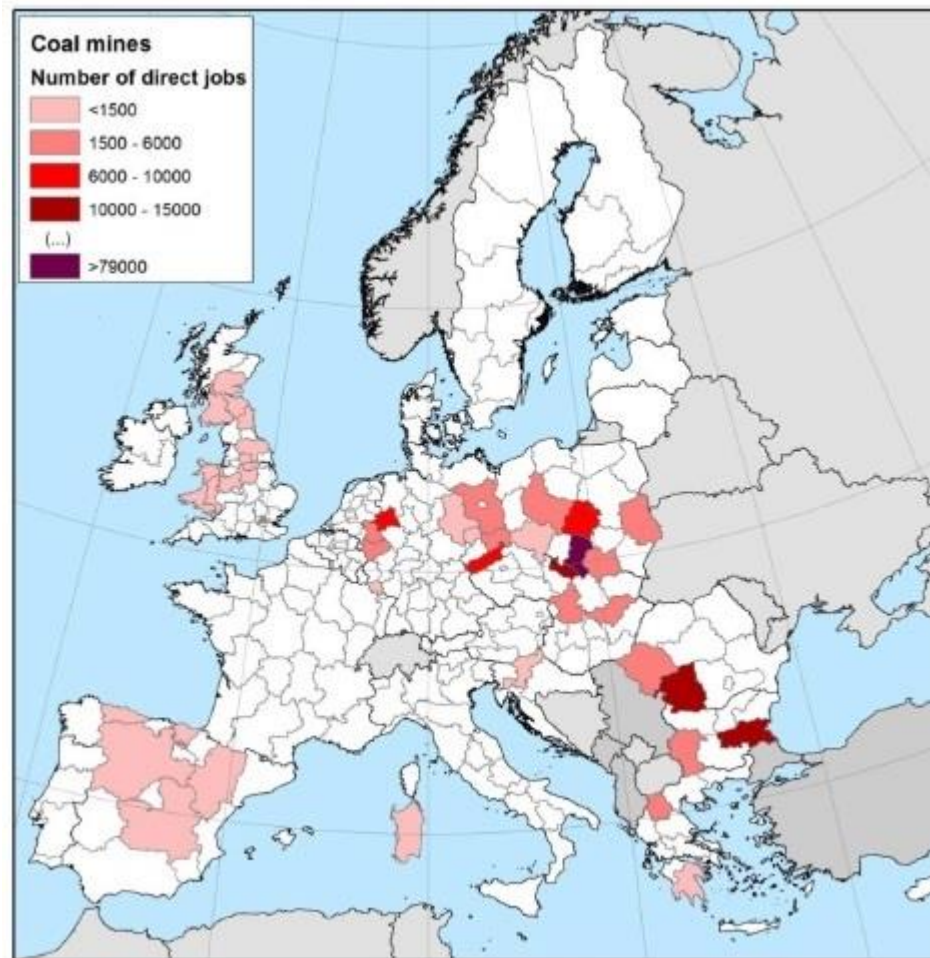

"(...) Commission will examine how to better support the transition in coal and carbon-intensive regions. To this end it will work in partnership with the actors of these regions, provide guidance, in particular for the access to and use of available funds and programmes, and encourage exchange of good practices, including discussions on industrial roadmaps and re-skilling needs, through targeted platforms"

COAL REGIONS IN TRANSITION

11 MEMBER STATES AND 42 REGIONS

COAL REGIONS IN TRANSITION INITIATIVE

PLATFORM ON COAL REGIONS IN TRANSITION

VISION

The **Multi-Stakeholder Platform for Coal Regions** supports the economic transformation in coal mining regions across the EU, be it in the context of post coal economy or continuous use of coal within the limits of EU commitments in implementing the Paris Agreement (for ex. CCS and CCUS technologies).

OBJECTIVES

Assist with the identification, development and implementation of projects and other activities which can kick-start economic and technological transformation of coal regions, with the use of the following tools: best-practice and information exchange, as well as peer-to-peer learning.

Enable multi-stakeholder dialogue on policy frameworks and financing for successful transformation of coal regions

PLATFORM ON COAL REGIONS IN TRANSITION

MEMBERS

- Regional and National authorities (42 Regions across 11 Member States)
- Coal and coal-based industry (industry associations + companies)
- Business community (project developers, regional chambers of commerce and development agencies)
- Trade Unions
- Research Institutes
- Civil society
- EC experts
- External experts (Financial institutions, Development Banks, Think-tanks, Technology Platforms)

Stakeholders interested in successful economic transformation of coal mining regions and EC and external experts will be invited to join two Working Groups dedicated to structural transformation and advanced coal technologies.

WORKING GROUPS

WORKING GROUP POST COAL ECONOMY AND STRUCTURAL TRANSFORMATION

WORKING GROUP ADVANCED COAL TECHNOLOGIES

- Members of the Platform meet within dedicated Working Groups to discuss concrete project ideas.
- EC experts provide targeted feedback on EU funds, programmes, regulations and policies
