

Meetings of TEN-E Regional Groups on hydrogen and electrolyzers

Draft Agenda

17 April 2023

9:00 – 10:00 CET: Cross-Regional Hydrogen and Electrolysers Group meeting

10:00 – 13:30 CET: Hydrogen interconnections in Western Europe (HI West)

13:30 – 14:30 CET: Lunch break

14:30 – 18:30 CET: Hydrogen interconnections in Western Europe (HI West)

18 April 2023

9:00 – 11:30 CET: Baltic Energy Market Interconnection Plan in hydrogen (BEMIP Hydrogen)

11:30 – 13:00 CET: Hydrogen interconnections in Central Eastern and South Eastern Europe (HI East)

13:00 – 14:00 CET: Lunch break

14:00 – 17:15 CET: Hydrogen interconnections in Central Eastern and South Eastern Europe (HI East)

17:15 – 17:30 CET: presentations under Article 24 (derogation for interconnections for Cyprus and Malta)

Hybrid meeting [for both dates]: the same weblink will be used for all the Regional Groups

17 April 2023

09:00 – 10:00 CET – Cross-Regional hydrogen and electrolysers Group meeting

- Welcome and general introduction
- Update on general PCI process
- PCI draft assessment methodology presentation
- ACER: NRAs consultation outcomes – high level view
- Outcome of the Public consultation
- Next steps

10:00 – 18:30 CET – Hydrogen interconnections in Western Europe (HI West) [Member States: BE, CZ, DK, DE, IE, ES, FR, IT, LU, MT, NL, AT, PT]

[This session will be an open discussion on the candidate projects in line with the presented information as follows:

- Projects promoters will present their projects, focusing on the infrastructure needs they will address, the benefits they will bring, project cost, and the timeline for implementation
- National Regulatory Authorities will present their view on the candidate projects on their territory
- Members States representatives and stakeholders will present their view on the candidate projects
- European Commission will highlight relevant feedback from the public consultation]

18 April 2023

9:00 - 11:30 CET – Baltic Energy Market Interconnection Plan in hydrogen (BEMIP Hydrogen) [Member States: DK, DE, EE, LV, LT, PL, FI, SE]

[This session will be an open discussion on the candidate projects in line with the presented information as follows:

- Projects promoters will present their projects, focusing on the infrastructure needs they will address, the benefits they will bring, project cost, and the timeline for implementation
- National Regulatory Authorities will present their view on the candidate projects on their territory
- Members States representatives and stakeholders will present their view on the candidate projects
- European Commission will highlight relevant feedback from the public consultation]

11:30 – 17:15 CET – Hydrogen interconnections in Central Eastern and South Eastern Europe (HI East) [Member States: BG, CZ, DE, EL, HR, IT, CY, HU, AT, PL, RO, SI, SK]

[This session will be an open discussion/scrutiny on the candidate projects in line with the presented information as follows:

- Projects promoters will present their projects, focusing on the infrastructure needs they will address, the benefits they will bring, project cost, and the timeline for implementation
- National Regulatory Authorities will present their view on the candidate projects on their territory
- Members States representatives and stakeholders will present their view on the candidate projects
- European Commission will highlight relevant feedback from the public consultation]

17:15 - 17:30 CET - Project presentations under Article 24 (derogation for interconnections for Cyprus and Malta)

[This session will be an open discussion on the application of Article 24 to the projects in line with the presented information as follows:

- Projects promoters will present their projects, focusing on the fulfilment of the requirements in Article 24.
- Members States representatives and stakeholders will present their view on the projects.
- European Commission will highlight relevant feedback from the public consultation]
