

# Consultation on the list of PCI Candidates for Smart Grids

Consultation period: 3 April 2017 to 26 June 2017

***In your opinion, is a proposed project significantly contributing to market integration/sustainability/security of supply/competition and therefore needed from an EU energy policy perspective?***

- SINCRO.GRID
- ACON
- ALPGRID
- SMART BORDER INITIATIVE

# Consultation Results

*4 participants responded to the consultation*

- *ACON: YES (4x)*

**Excerpt:**

- "... Planned project will connect two countries with longtime, common histories within EU – Czech Republic and Slovak Republic – this cross border cooperation will improve the delivery of electricity in both regions..."
- "...ACON is targeting the major aspects of the development of smart grids in the Czech Republic as well as in the Slovak Republic..."

- *SINCRO.GRID: YES (2x)*

- *Smart Border Initiative: YES (1x)*

- **SINCRO.GRID**

*An innovative integration of synergetic, mature technology-based solutions in order to increase the security of operations of the Slovenian and Croatian electricity systems simultaneously.*

<http://www.sincrogrid.eu>

- **ACON**

*The main goal of ACON (Again COnnected Networks) is to foster the integration of the Czech and the Slovak electricity markets.*

<https://www.acon-smartgrids.cz/en>

- **ALPGRID**

*An innovative integration of synergetic, mature, technology-based solutions in order to simultaneously increase the operational efficiency of the Italian and Austrian regional electricity systems*
