

Letter from: Permanent Representation of the Republic of Estonia to the European Union  
To: Philip Lowe, DG ENER  
Date: 13 September 2010  
Our ref: 8.1-2M/2568-1  
Your ref: 510167 of 9 August 2010

**Subject: Submission of report pursuant to Article 19(2) of Directive 2009/28/EC (on the promotion of the use of energy from renewable sources)**

Dear Mr Lowe,

In response to your letter No ENER/DDG1/C1/AG/pd (2010)510167 of 4 August 2010 we wish to inform you that Estonia has no information from which it could be ascertained whether there are areas of Estonia in which the typical greenhouse gas emissions from the cultivation of agricultural raw materials can be expected to be lower than or equal to the emissions reported under the heading "Disaggregated default values for cultivation" in part D of Annex V to Directive 2009/28/EC.

Yours sincerely,

/Signed/ Raul Mälk

Ambassador, Permanent Representative
