Lucy Nattras, E4Tech

Sustainable fuels: scale of the opportunity and the challenges for aviation

10:20 to 11:10

Part 2: Importance of biofuels for aviation and refining

1020 – 1040 Airbus representative – confirmed, speaker t.b.c.

1040 – 1110 Ralf Stöckel, Total

Chances for the European refinery sector and energy resource security from biofuels.

11:10 to 11:30

BREAK

11:30 to 12:45

Part 3: Feedstock aspects – chances and challenges.

1130 – 1245

Pekka Pesonen, Secretary General COPA-COGECA

Olivier Dubois, FAO

What the FAO thinks and does about Sustainable Bioenergy

12:45 to 13:45

BREAK FOR LUNCH

13:45 to 14:15

Part 4: Avoiding distortions from road bio fuel support.

Tim Vink, UOP

International Context – how to achieve a level playing field?

14:15 to 16:00

Part 5: A vision for advanced transport fuels: Long term policy - what is needed?

1415 – 1445

Rober Boyd, IATA / Matthias Spöttle, Ecofisk

The IATA position

14:45 to 15:00

BREAK

1500 – 1600 National government approaches

Anna Sotaniemi, Finnish Ministry of Transport and Communication:

Deployment of aviation biofuels in Finland: Conclusions of feasibility study

Dutch government representative – confirmed, speaker t.b.c.

16:00 to 16:15

BREAK

16:15 Panel discussion
