

DRAFT AGENDA

The role of low carbon fuels in decarbonising transport: the emerging consensus from international initiatives

10-11 April 2018,

Brussels

Tuesday 10 April

08.45-09.30 Opening Session

Welcome by DG ENER

Welcome and setting the scene by Biofuture Platform, below50, IRENA & ART Fuels Forum

09.30-10.45 Global Ambitions & Global Challenges

IRENA (REmap)

IEA (Bioenergy Roadmap 2017)

FAO

10.30-10.45 Q & A

10.45-11.15 Coffee Break

11.15-12.00 International Collaboration for Sustainable Biofuel Scale-up

Biofuture Platform

below50

11.55-12.00 Q&A

12.00-13.00 Lunch

13.00-14.00 Panel Discussion: Balancing Global Ambitions with Global Challenges for biofuels

Panellists: EC, Biofuture Platform, below50, IRENA, ART Fuels Forum, IEA & FAO

14.00-15.00 Panel Discussion: Enlarging the Portfolio for Sustainable Biomass Supply

Panellists: EC, IRENA, FAO & Climate Foundation

15.00-15.30 Coffee Break & networking

15.30-16.30 Panel Discussion: Leading developments in the low carbon technologies

Panellists: ART Fuels Forum, ETIP Bioenergy, Leaders of Sustainable Biofuels, Bloomberg & IEA

16.30-17.30 Policy implications

DG ENER on RED

Parliament Rapporteur

Industry's perspectives

Bulgarian Presidency of the Council of the EU

17.30-18.30 Panel discussion: Convergence of EU policies with International Activities and National Experiences

Panellists: EC, MEP (RED II Rapporteur), Presidency of the Council of the EU, Biofuture Platform, below50, IRENA, ART Fuels Forum, IEA & FAO,

Wednesday 11 April

09.00-09.30 Keynote Presentation

09.20-09.30 Q&A

09.30-11.00 National experiences in policy for sustainable transport and biomass (20 min each)

Brazil

USA

Finland

The Netherlands

10.50-11.00 Q&A

10.30-11.00 Coffee Break

11.00-12.00 Panel discussion: Are we on the right path?

Brazil, USA, Finland, The Netherlands, Biofuture Platform, below50, IRENA, IEA FAO

12.00-13.00 Panel discussion: aviation/infrastructure
