

Directorate-General
for Energy

Transposition of the third package Directives

State of play

Inge Bernaerts
Head of Unit for Electricity and Gas

Notification of transposition measures

- **9 Member States** have **fully notified** their transposition measures:
 - » Czech Republic
 - » Denmark (electricity only)
 - » Germany
 - » Greece
 - » Hungary
 - » Italy
 - » Latvia (gas only)
 - » Malta
 - » Poland
 - » Portugal
- Some more Member States have notified partial transposition measures, but **9 (electricity) / 11 (gas) Member States** have **not notified** anything yet
- Commission will take a decision on infringement cases for **non-notification** soon

Coordination with national authorities

- **Good upstream coordination** with many Member States (informal assessment of draft laws, bilateral meetings, correspondence, ...)
- Issues that give rise to **most questions**:
 - » Unbundling provisions
 - » Powers and independence of NRAs
 - » Public service obligations and regulated retail prices
- Regarding **practical implementation**:
 - » Extensive discussions on certification of TSOs
 - » Staff working paper on certification has been published

Next steps

- Continue to have discussions with national administrations, regulators and stakeholders
- First certification cases expected any day
- Internal Energy Market Conference on 29 September
