

DIRECTORATE-GENERAL FOR ENERGY

**SUMMARY NOTE OF THE AD-HOC MEETING OF THE GAS COORDINATION GROUP
14 MARCH 2014 (10:00)**

The meeting took place via web-conference. The purpose of the meeting was to take stock of the security of supply situation in Member States.

According to the information provided by members, flows continue normally to the EU and the situation in storages is reassuring. Furthermore, gas injections in storages have already started in some facilities. Some members explained the measures they would take in the case of an emergency to ensure gas supply to their protected customers.
