

Project of common interest:

9.5.1

COUNTRIES INVOLVED

Poland (PL)

PROJECT PROMOTERS

PERN S.A (PL).

BASIC TECHNICAL DATA

Capacity: Total Capacity 363.000 m³

LOCATION

Gdańsk Oil Terminal

COMMISSIONING DATE

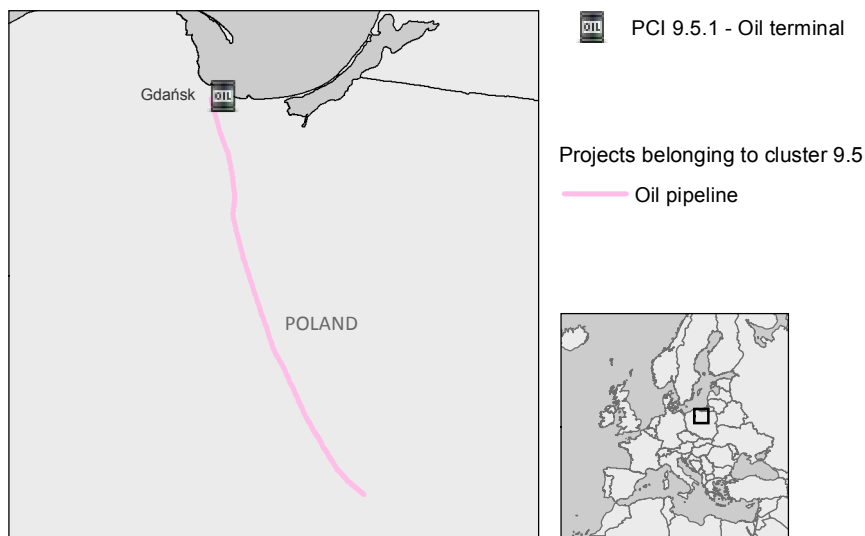

phase II: 2020

LAST UPDATE

March 2018

Oil interconnection

Oil supply connections in Central Eastern Europe

Source: PLATTS, GISCO, European Commission

Definition

9.5.1 - Construction of oil terminal in Gdańsk(phase II)

Cluster

PCI 9.5.1 - belonging to cluster 9.5: Cluster Pomeranian pipeline (Poland)

Type of technology employed

Handling terminal of 5 crude oil tanks and related installations within the oil terminal.

Implementation status

Oil terminal Phase I came into operation on April 6th 2016

Phase II: project documentation under preparation
