for Energy

● Fundamental data transparency

State of play

Tadhg O'Briain
ENER B2

23 May 2011

● Background

- Level of transparency uneven across the EU
- EU-level transparency requirement insufficient

- Enhanced transparency framework to provide level playing field
 - » reduce transaction costs
 - » enhance operational efficiency
 - » increase trust
- TSOs to play a central role in providing transparency

● State of play

- Commission mandates ERGEG to advise on transparency framework – January 2010
- ERGEG submits advice – December 2010
- Commission has initiated comitology procedure
 - » Public consultation, IA, Inter-service procedure
- Commission to propose transparency Guideline – Autumn 2011
