

# Observations on REMIT

---

§ EFET fully welcomes the agreement of REMIT

§ ***No duplication or overlap from other legislation***

§ Need for flexibility in how information is published, eg.:

⇒ TSOs, PXs and company websites – no obligatory EU platform

§ Inside information defined by the draft ERGEG guidelines

§ planned outages, unplanned outages, 'real time' generation output, installed capacities

§ Some key issues remain for interpretation in ACER guidance
