MS REPORTING OBLIGATIONS

	Report / Plan (Legal Basis)	Reporting	Planning	Regularity
		reporting/planning + short description of contents	reporting/planning + short description of contents	
1	Regulation (EU) No 525/2013, Monitoring Mechanism Regulation, Articles 4, 5, 7, 8, 13-18, 22	Monitoring Mechanism Regulation. Reporting on progress/ implementation low-carbon development strategies (LCDS), inventories of emissions, approximated inventories, policies and measures, projections, financial and technology support, use of auctioning revenue EU ETS and project credits, biennial reports and national communications, report on the additional period for fulfilling commitments under the Kyoto Protocol.	Preparation low-carbon development strategies (LCDS) and updates, national adaptation planning and strategies	Various. Mostly annual/ biennial by 15 January and 15 March; few by 9 January 2015, 31 July, 30 September
2	Council Decision on the conclusion, on behalf of the EU, of the Doha Amendment to the Kyoto Protocol to the UNFCCC and the joint fulfilment of commitments thereunder - agreed in principle by Council, sent to European Parliament for consent on 26 January- legislation not yet adopted. Article 3(1).	Information to facilitate the calculation of the assigned amount of the Union, and the joint assigned amount of the Union, its MS and Iceland under the second commitment period of the Kyoto Protocol. Report required under the Kyoto Protocol.		Once, submission to Commission three months prior to the time limit for submission of the report to the UNFCCC, which is due on 15 April 2015.

MS REPORTING OBLIGATIONS

	Report / Plan (Legal Basis)	Reporting	Planning	Regularity
3	Decision No 406/2009/EC, ESD, Articles 6, 7	Reporting under the Effort Sharing Decision.	Corrective action plan and assessment by MS under the Effort Sharing Decision. MS to submit assessment and corrective action plan if greenhouse gas emissions exceed annual emission allocation taking into account flexibilities.	Action plan in specific circumstances, within three months
4	Decision No 529/2013/EU, LULUCF, Articles 3(2)(a)-(d), 6(4)-(6), 10(1-4)	Reporting under LULUCF Decision. Systems to estimate/ final emissions and removals, estimates of emissions and removals, revised reference levels for forest management, corrections to include impact of recalculations in accounting for forest management, progress implementation LULUCF actions.	Information on current and future LULUCF actions to limit or reduce emissions and maintain or increase removals, as a separate document or as a clearly identifiable part of their national low-carbon development strategies referred to in Article 4 MMR, or of other national strategies or plans related to LULUCF.	Various
5	Directive 2009/31/EC, CCS Directive, Article 27	Implementation of the CCS Directive, including the register of all closed storage sites and surrounding storage complexes		Every three years, first report by 30 June 2011
