

Gas LNG Europe

## GLE Activities

Paolo Caropreso – GLE President

**Madrid Forum X – 15-16 September 2005**

## The GLE objectives

### ➤ Scope of GLE:

GLE represents the LNG Terminal Operators in Europe. One of main objectives is to contribute to the development of the European LNG activities, in particular by promoting common procedures and common data base for all parties involved in the LNG business.

### ➤ GLE organisation:

#### *Working Groups*

1. Management Rules
2. Business Rules
3. Tariff
4. Services

#### *Study Group*

Terminal LNG Quality

# The work in progress

## ➤ Upcoming GLE position papers:

- Roles and Responsibilities: overview of R&R of the parties involved in LNG activities: Terminal Operator and Terminal User
- Technical Capacity Assessment Methodology: methodological approach for assessing the Theoretical Technical Capacity of an LNG terminal
- Services: survey on services offered by each Terminal Operator

## ➤ Next steps

- Distribution of GLE position papers: Sept. – Nov. 2005
- LNG Workshop: December 2005
