

## **Guidelines for Balancing**

---

**Vincenzo Cavicchia**  
**Chairman of EURELECTRIC WG Gas**

**XI<sup>th</sup> Madrid Forum,**  
**18-19 May 2006**

## **Guidelines for balancing- preliminary**

- Welcome the work of ERGEG
- **Sufficient harmonisation of gas balancing regimes between Member States needed** to facilitate cross-border trading and avoid trading distortion.
- **Timely availability of accurate system information important.**
- **Hourly balancing can create barriers to competition.**
- **Important that shippers be allowed to trade ex-post their imbalances in particular in the absence of a well functioning liquid markets.**
