Genesis of RUCO

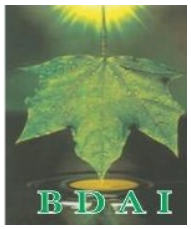

- ▶ BDAI toll up UCO for Biodiesel in 2012
- ▶ Joint campaign along with FSSAI since 2018
- ▶ Countrywide survey on UCO estimation
- ▶ Trust transparency and traceability - RUCO web portal
- ▶ Trial supplies to IOCL and BPCL with CSIR-IIP certification

Expression of Interest

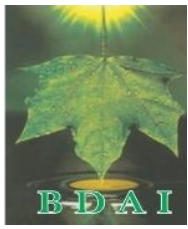

Jointly by IOCL, HPCL
and BPCL across the
country

Technology intervention

- ❑ Big Data analysis-integration will ensure UCO availability
 - Total Production/imports/sale of Veg oils
 - Purchase of Veg oil by FBOs
 - Standards consumption norms for each cuisine
 - Estimating the UCO creation in each district
 - Tracing sales of UCO to RUCO system

- ❑ Efficient tool for enforcing agencies-FSSAI/FDA/Municipalities -more UCO into the RUCO ecosystem
