

EU Scientific Seminar May 2017

Emerging issues with regard to organ doses

Luxembourg, 17 May 2017

starting at 13:30 - ending at 18:00

in Room E

European Convention Center Luxembourg

1, rue du Fort Thüngen, L-1499 Luxembourg (Kirchberg)

Programme

(Version 17 May 2017)

Chairperson: Francesco Bochicchio

Rapporteur: Laurence Lebaron-Jacobs

13:30	Objectives of the seminar <i>Patrick Smeesters, on behalf of the Article 31 WP RIHSS</i>
13:35 – 14:00	Cognitive and Cerebrovascular Effects Induced by Low Dose Ionizing Radiation (CEREBRAD) <i>Abderrafi Benotmane (confirmed)</i>
14:00 – 14:25	Cardiovascular Risk from Exposure to Low-dose and Low-dose-rate Ionizing Radiation (PROCARDIO) <i>Michael J. Atkinson (confirmed)</i>
14:25 – 14:50	Issues related to the concept of organ dose <i>Augusto Giussani (confirmed)</i>
14:50 – 15:20	Coffee Break
15:20 – 15:45	New data regarding the lens of the eye <i>Jean-Marc Bordy (confirmed)</i>
15:45 – 16:10	Evaluation of the risk of organ exposure - risk related approach versus effective dose approach <i>Mikhail Balonov (confirmed)</i>
16:10 – 17:45	Round table discussion: Policy implications and research needs <i>Moderator: Francesco Bochicchio</i> <i>Round table: Speakers, Pierre Scalliet (confirmed), Ted Lazo (confirmed)</i>
17:45 – 18:00	Concluding remarks and closing of the EU Scientific Seminar 2017 <i>Chairperson</i>
18:15	Cocktail
