## Consultation on an EU strategy for liquefied natural gas and gas storage

To whom it may concern

First of all, astora GmbH & Co. KG would like to thank the European Commission for giving us the opportunity to take part in the public consultation process of the EU strategy for liquefied natural gas and gas storage.

Due to the fact that astora is a storage system operator, we have only responded to storage related questions. Please find these attached on the following pages.

For further information or if you have any questions, please do not hesitate to contact us.

Yours sincerely,

astora GmbH & Co.KG.
