

# **22<sup>nd</sup> Electricity Regulatory Forum Florence, 22-23 May 2012**

**Input from IFIEC Europe & CEFIC to  
item 6: Energy Infrastructure Package  
and infrastructure financing**

# TYNDP

- **Scenarios: frequent updates required (grid situation evolves very rapidly in EU)**
- **Generation costs ??**
- **Cost / benefit (socio-economic welfare) of each project ?**
- **Cable technology: consider the cost efficiency and maturity of technology 'e.g. HVDC**
