Two technical assistance programmes now open for applications!

DG ENER

Delivered by the Directorate-General for Energy as part of the Initiative for Coal Regions in Transition in the EU.

LOCAL ENERGY TRANSITION

This round of START particularly welcomes assignments related to local and regional aspects of energy transition, such as community-based renewable energy projects and energy communities, repurposing local assets, etc.

DIVERSE REGIONAL ACTORS

Applications are particularly welcome from smaller regional actors, such as municipalities, groupings of municipalities, and civil society organisations.

EXCHANGE

Opportunities for peer exchange embedded as part of START delivery.

COAL+ REGIONS

START is open to coal, peat, oil shale, and lignite regions in the EU.

START

Apply by 23 February

06

INTENSIVE REGIONS

JTP Groundwork is available for all territories covered by Just Transition Fund.

COAL & CARBON-

03

04

JTP GROUNDWORK

Apply by 1 March

SYNERGIES

Strong relationships between JTP Groundwork, JTPeers Exchange, and JTP Working Groups, all of which have applications open until 1 March.

DG REGIO

Delivered by the Directorate-General for Regional and Urban Policy as part of the Just Transition Platform.

TJTP

JTP Groundwork supports JTF regions in the implementation of their TJTPs to enforce just transition process on the ground.

BENEFICIARIES

Applications welcome from all actors with a role in TJTP implementation, including Managing authorities, NGO's, universities, trade unions and business umbrella organisations.

PEER-TO-PEER EXCHANGE

Option to apply to the JTPeers Exchange programme (deadline 1 March).
