

Discussion on the intraday target model

Bente Hagem

ENTSO-E

Florence Forum 30-31.5.2018

All TSO Intraday capacity pricing proposal

Combination of implicit auctions and continuous trading

1

- All ID capacity offered in an implicit auction – correcting the day-ahead auction and pricing capacity
- D-1 auction time: 22:00 (bids closing time)

2

Session with continuous intraday trading (as done today)

ENTSO-E is willing to contribute to the EC study revising the Intraday target model
