•	voluntary basis by 2 large oil companies, is added to the
l l	on www.cheapestoil.ie to determine average home heating
oil price in Irela	and.
-	(HFO): Price data is average retail price per litre converted to
tonnes exclusiv	ve of VAT and inclusive of indirect taxes.
Price averages Arithmetic ave	rage. Prices on a national basis.
The averages This inches are	Tager Trices on a national susis.
Biofuels Since 1 July 20:	10, the Renewable Transport Fuel Obligation (RTFO) formerly
known as the B	Biofuel Obligation Scheme (BOS) has been in place. Under the
scheme, road t	ransport fuel suppliers are compelled to use a proportion of
	overall fuel mix. As of 1 January 2024, the obligation is set at
	e. Oil companies meet this obligation in a variety of ways and
	nix for each product may differ between different companies
	on a weekly basis.
and may vary c	on a weekly basis.
Excise is paid o	n biofuels. However, a separate carbon tax is paid by
	e fossil fuel portion of a blend, but not on the biofuel portion.
	ize of the tax is not recalculated to reflect the share of
biofuels.	
Other indirect taxes included Strategic Stock	holding Levy: 20 Euro/1000L
in prices reported Carbon Tax: €1	129.59/1000L (Petrol) and €149.89/1000L (Diesel),
€131.47/1000L	_ (Gasoil), €149.45/1000L (HFO).
	CATC 00 (4000) (D. L. L.))
	x: €476.80/1000L (Petrol), €376.94/1000L (Diesel),
€17.62/1000L ((Gasoil), €14.78/1000L (HFO).
Other specific remarks by The bulk of hor	me heating oil consumed in Ireland is Kerosene, so this is
	e home heating oil price provided.
