

# Energy Infrastructure Package

## **First List of Projects of Common Interest**

European Commission  
DG Energy  
Internal Market I: Networks and Regional initiatives

# Four Gas Priority Corridors

## Projects of Common Interest will benefit\* from

### Accelerated permit granting

3.5  
years

One  
Stop  
Shop

Public  
Partici-  
pation

### Improved Regulatory treatment

Risk-  
related  
incentives

Cross-  
Border  
Cost  
Allocation

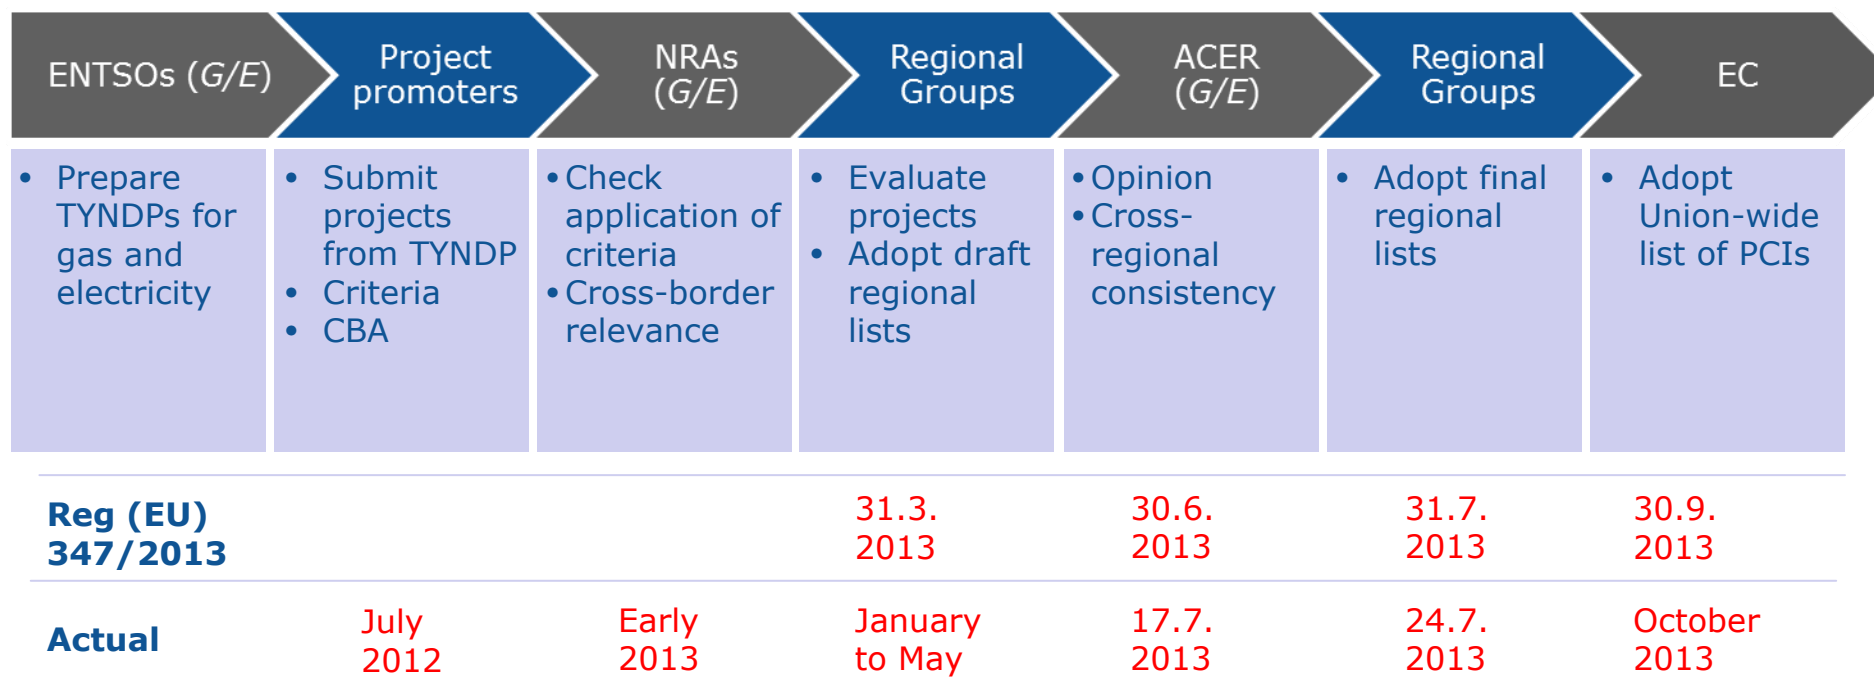

### Financial support

Access to  
Financial  
Instru-  
ments

Grants for  
Works and  
for Studies

\* Disclaimer: not all PCIs will be able to benefit from all of the above mentioned

# PCI identification timeline

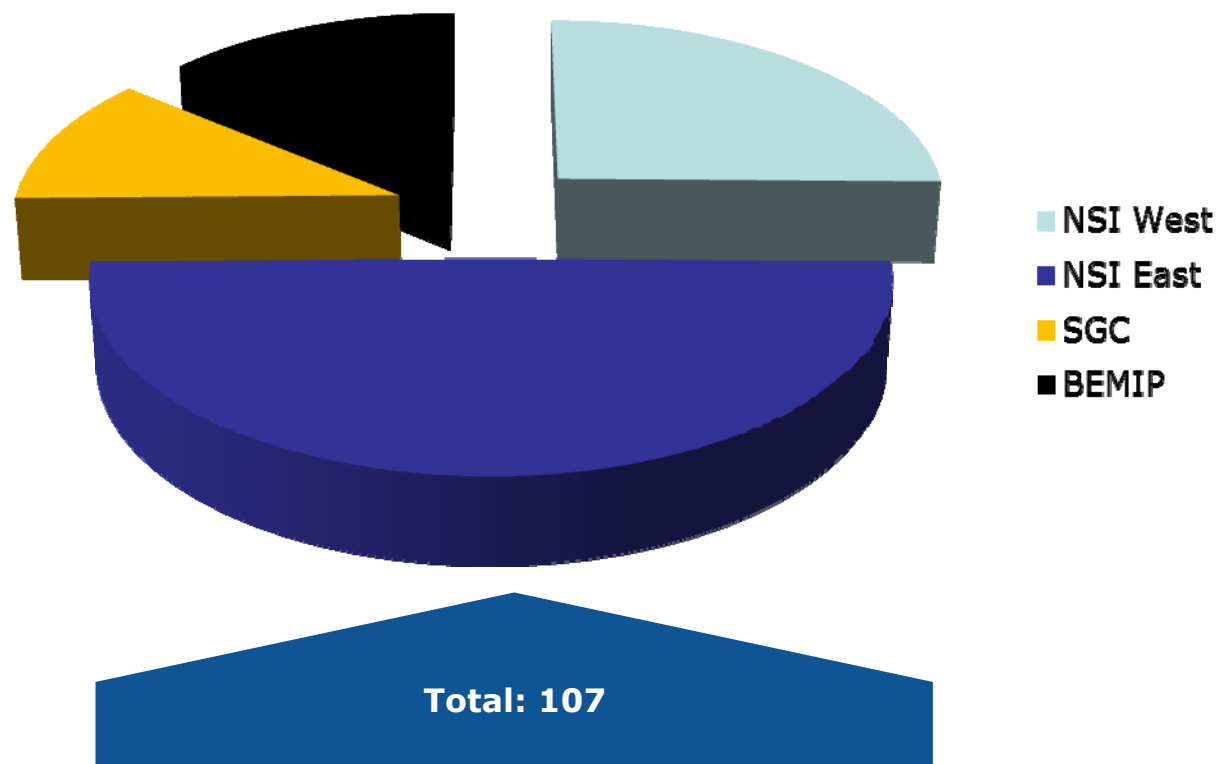

**Also in May/June 2013, consultation of**

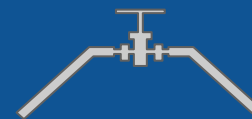

- environmental NGOs in Brussels
- gas stakeholders at Gas Coordination Group
- electricity stakeholders at Florence Forum

## Preliminary statistics on PCI candidates

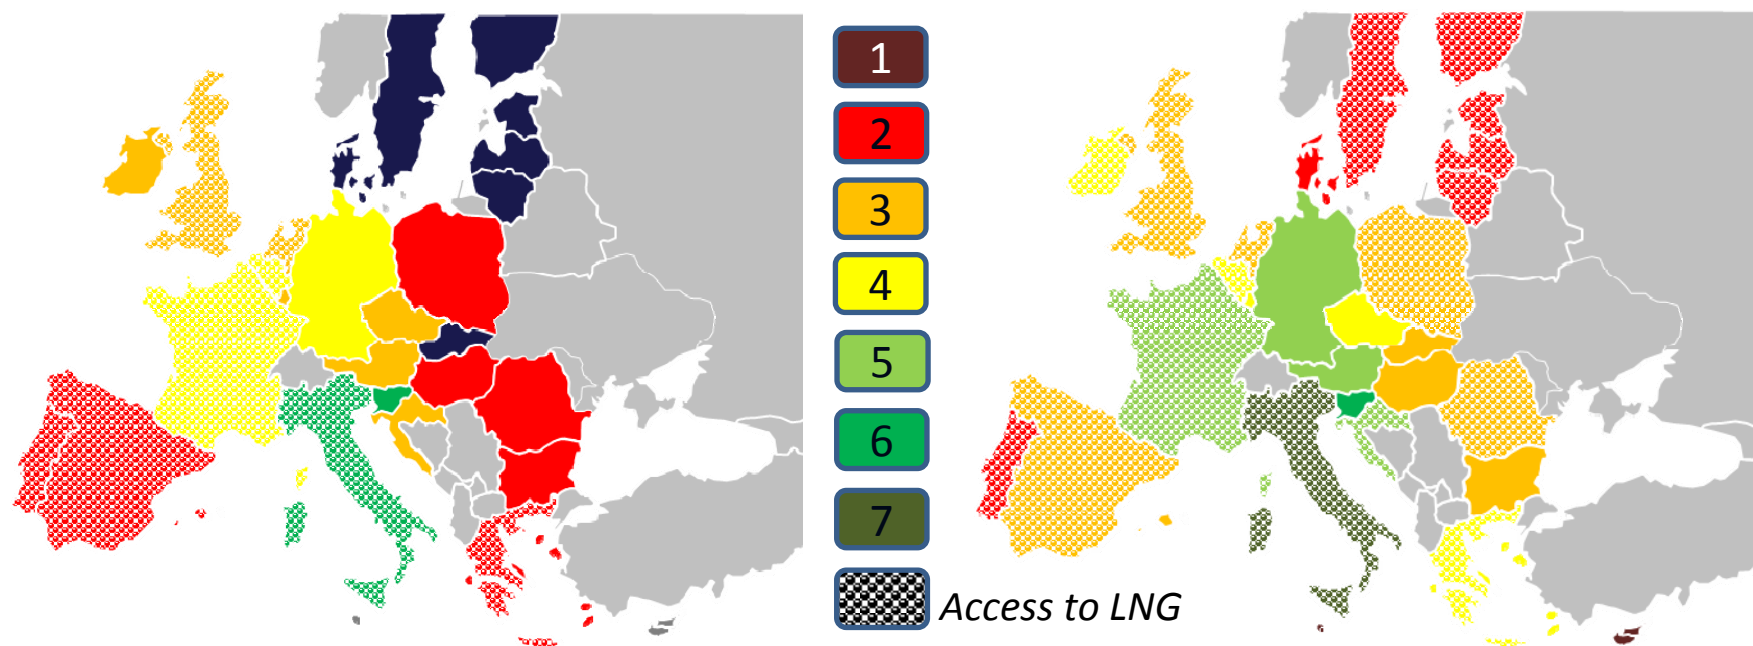

Number of PCIs per Region (projects and clusters)

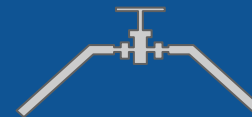

# PCIs support access to new resources

Number of supply sources a country may potentially access to through infrastructure (at least 5% share) – before and after (2022)

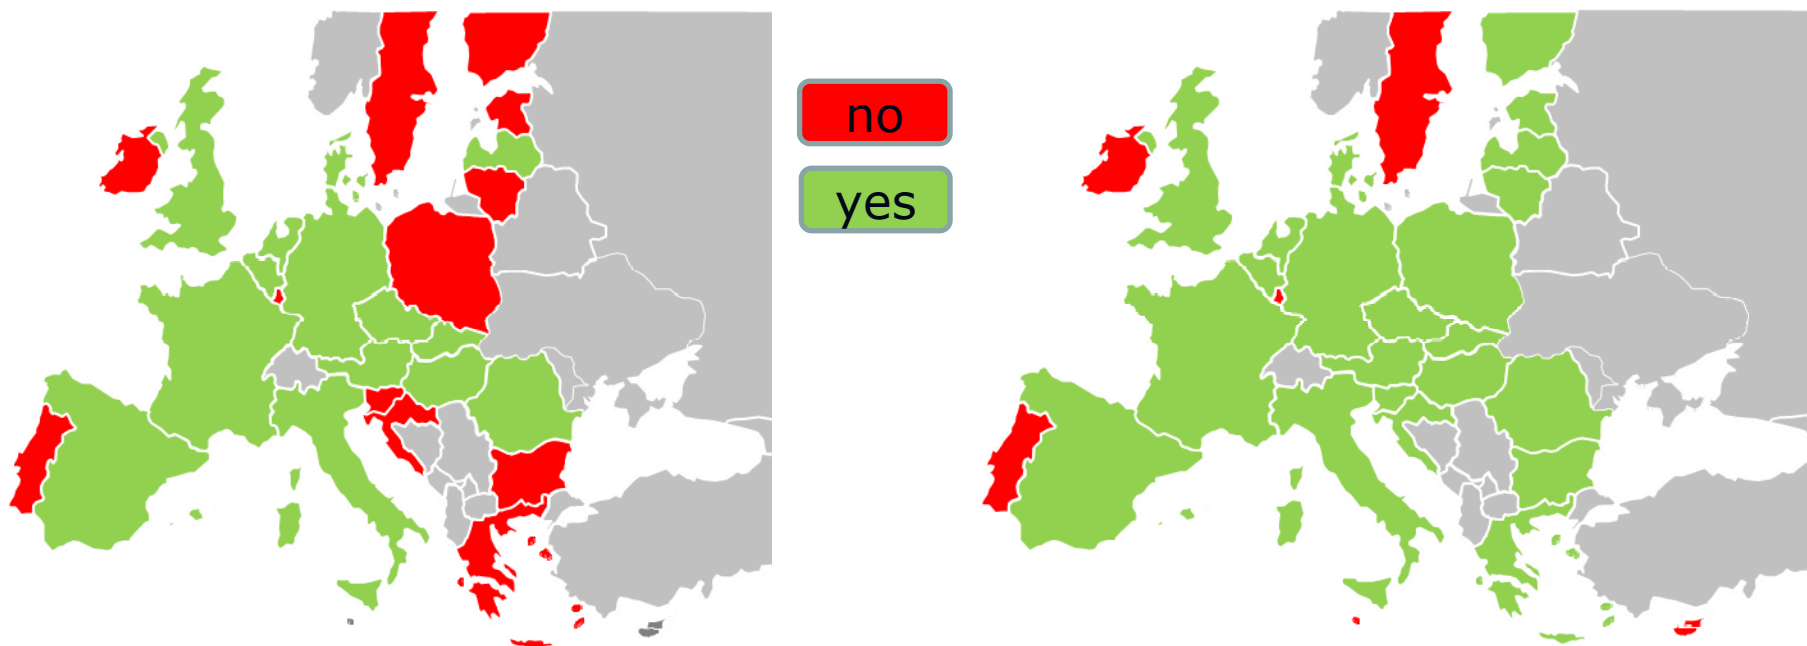

Supply Sources:

Azerbaijan (new source), Algeria, Lybia, Norway, Russia, National Production, LNG (one source)  
*do not prejudice any commercial contracts*

# Impact of PCIs on the Security of Supply

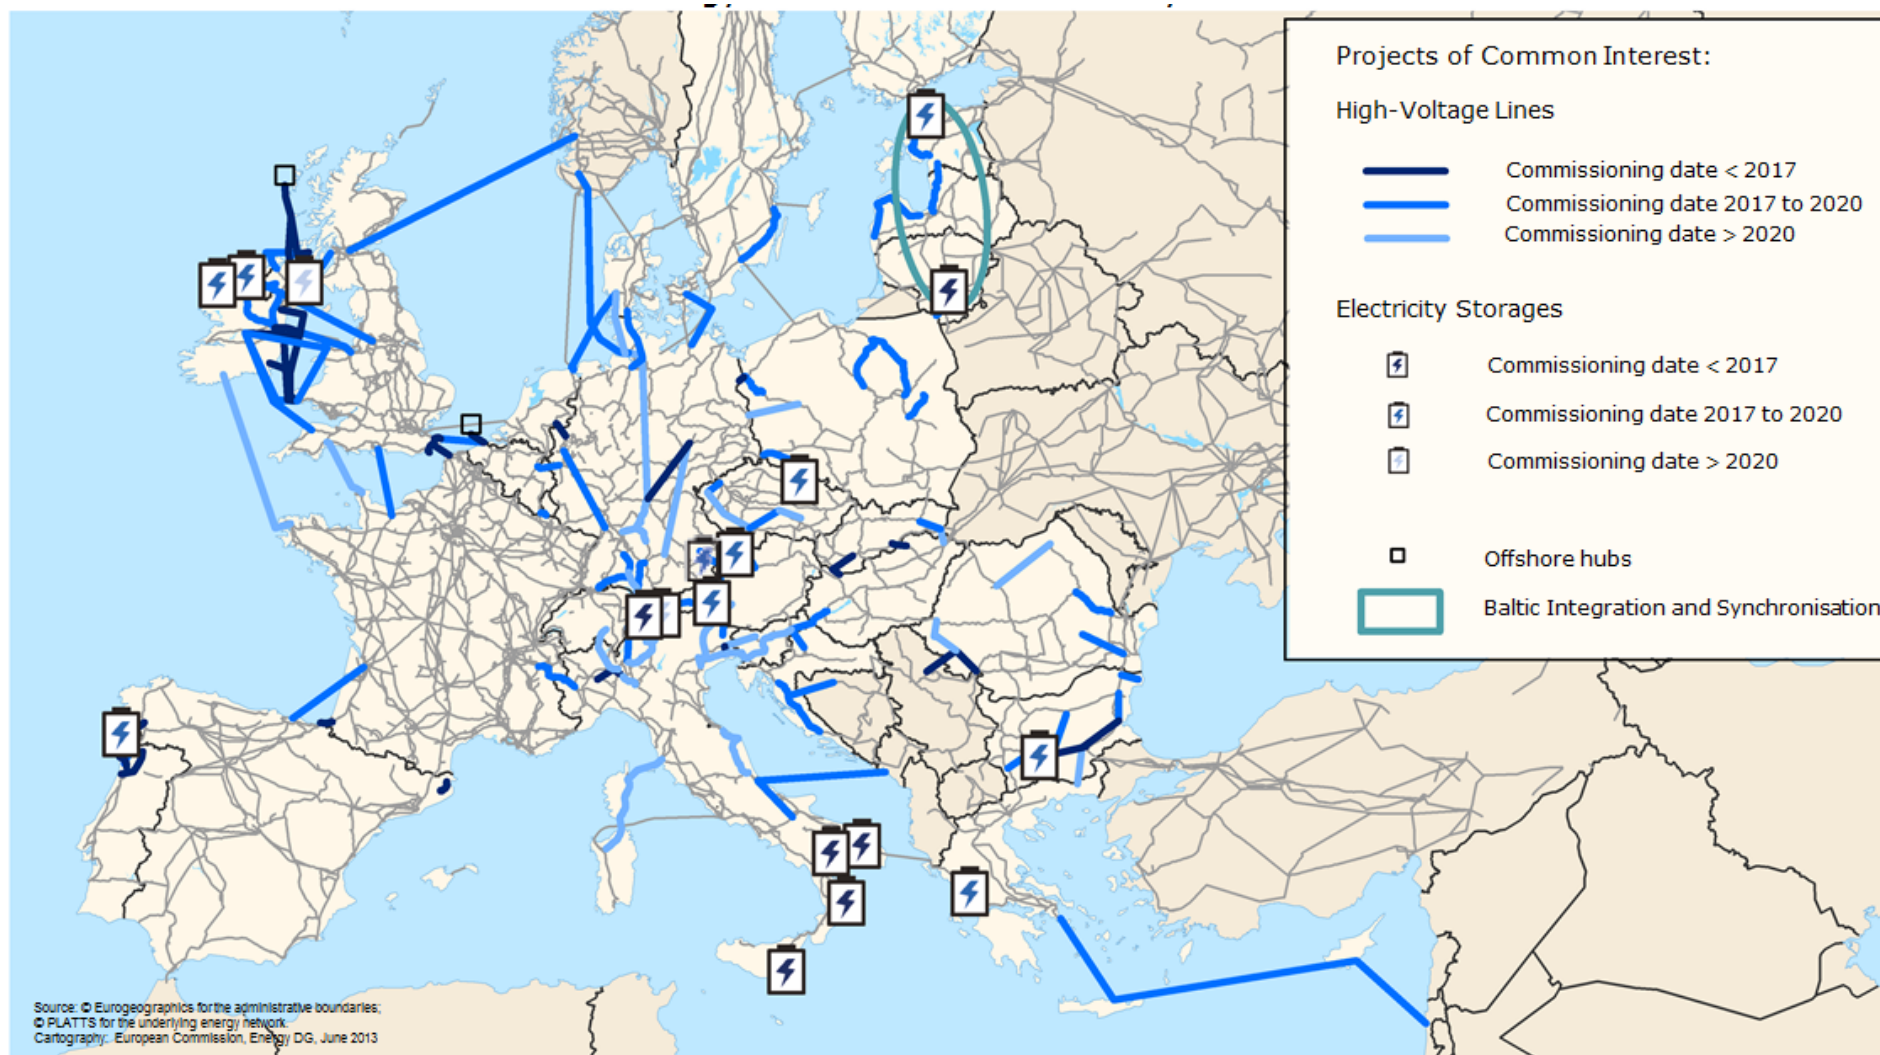

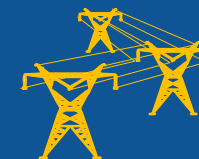

## Compliance with the N-1 infrastructure standard – before and after (2022)

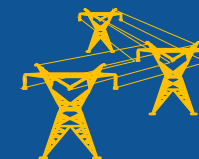

Reference: Art. 9 of Regulation No 994/2010

Source: Commission

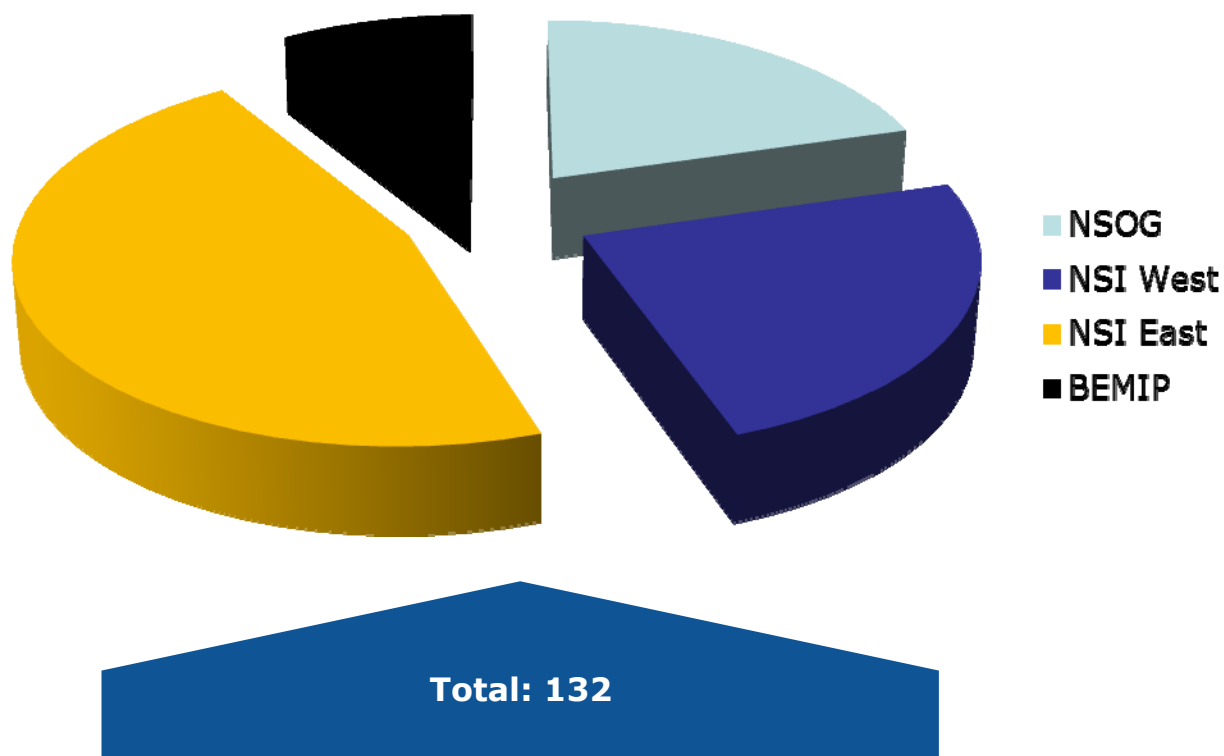

Energy

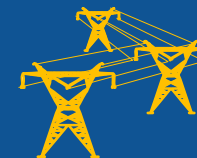

## Preliminary statistics on PCI candidates

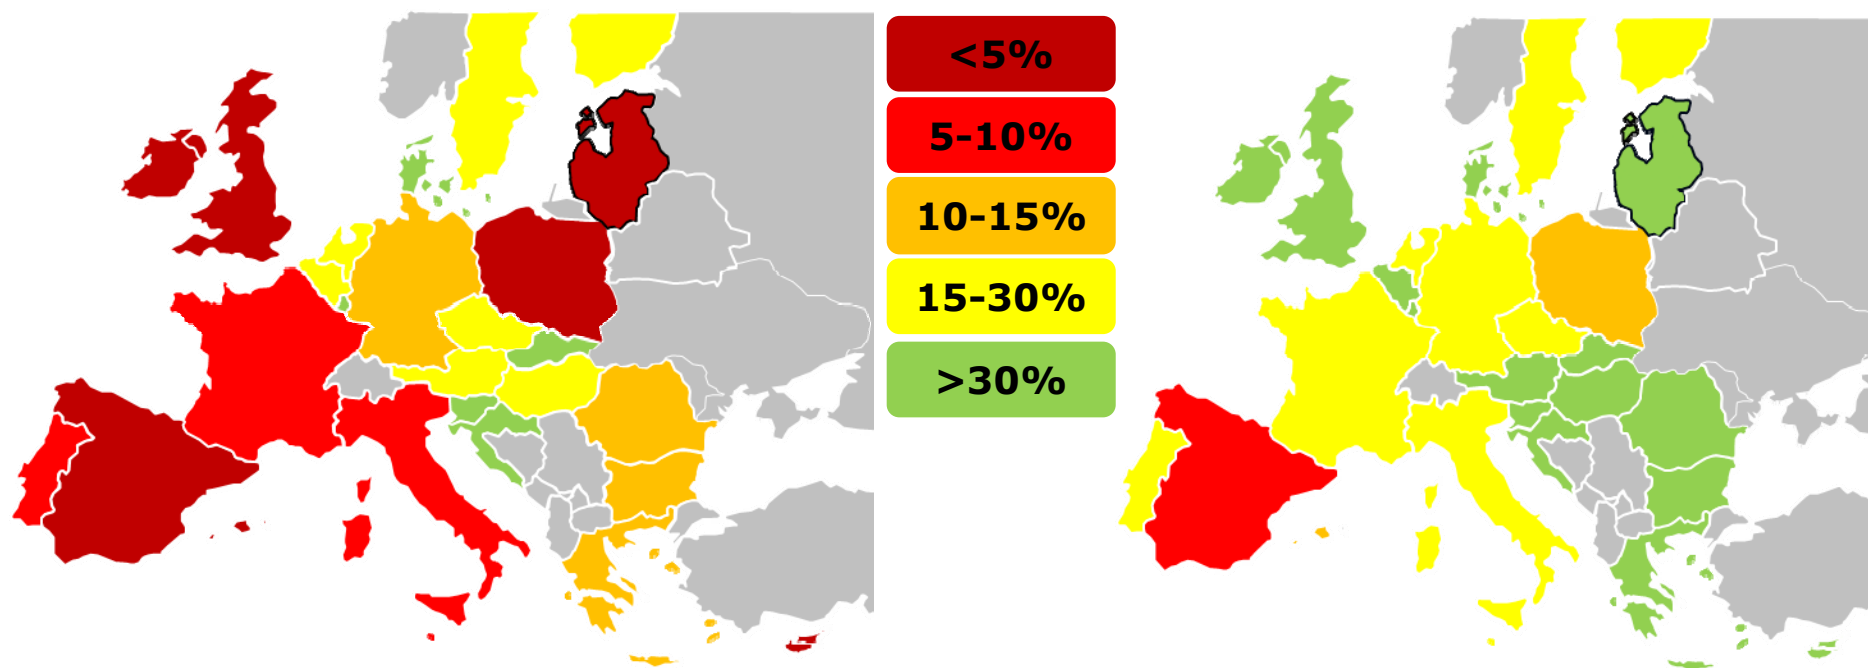

Number of PCIs per Region (projects and clusters)

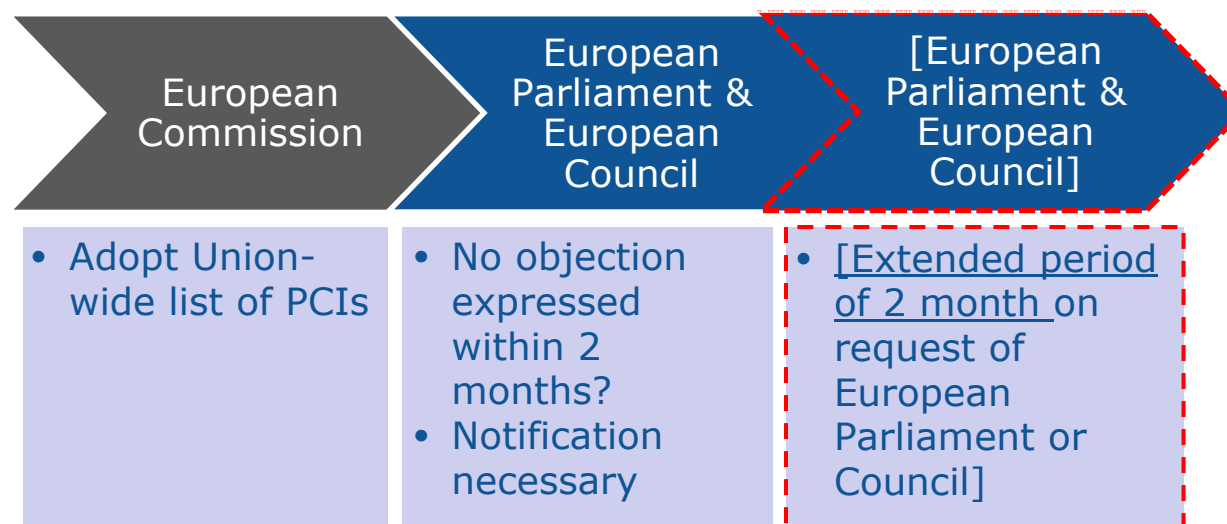

# PCIs improve the interconnection levels

Import capacity/net generation capacity before and after PCI implementation – interconnection levels 2011 vs 2020+

# Adoption of the delegated act

Delegated Act enters into force:

Delegated Act enters into force:

**Reg (EU) 347/2013**

30.09.2013

31.11.2013

31.01.2014

**Actual**

Mid October 2013

Mid December 2013

Mid February 2014

## Communication on the long term infrastructure vision for Europe and beyond

- ***Short term priority:*** Remove internal bottlenecks – implementation of first PCIs as an important step towards the implementation of the longer term infrastructure vision
- ***Longer term priorities post 2020:*** Engage with and provide a larger market place for energy produced and consumed in the Union and in the neighbouring countries

## Grants for Work under the CEF – Indicative timetable
