Ref: the EC Public Consultation on "Oil&gas offshore safety"

CEEP has reported to its members information about the EU public consultation entitled: "Oil & gas offshore safety". As regards Central Europe, this case involves companies operating in the Baltic Sea.

The largest company in this regard is Petrobaltic (100% subsidiary of Grupa LOTOS-member of the CEEP), which fully respects the principles of consultation and does not submit any comments on the proposals as they are compliant with the current oil & gas offshore safety procedures of the company.
