# Green business area in Mali

---

## Case study

COP22, 14 November 2016  
EU Energy Day - Joint solutions for a sustainable planet

### Session 3 : Energy for rural areas

Grégoire GAILLY | Novembre 2016

- ▶ Productive uses of energy
- ▶ Focusing on small businesses
- ▶ Pilot action-research project

- ▶ Building 625m<sup>2</sup> (bioclimatic), 60% filled
- ▶ 8 small local businesses installed
- ▶ 65 jobs created or secured
- ▶ Investment +450k€, consolidated turn over 65,000 euros
- ▶ 7 MWh charged / up to 20 MWh available

- ▶ An example of technical solution adapted to local businesses needs in rural areas
- ▶ A tool for local authorities and states to develop their territories
- ▶ A mix of energy saving, efficiency and renewables
- ▶ Could complete private small cities mini grids

**Thank you!**
