**SUBJECT: EXEMPTION DECISION NO. G/2004/002, GRAIN LNG TERMINAL**

Dear Sir John,

I am writing with reference to the above exemption decision from certain parts of the Gas Directive 2003/55 for the above mentioned project, notified to the Commission on 1 December 2004.

The relevant Commission services have now completed their analysis of the decision and supporting material. The conclusion of this analysis is that the Commission will not be recommended to put forward or issue any decision requiring the modification or withdrawal of the exemption decision.

Yours sincerely,
