

32nd EU ELECTRICITY REGULATORY FORUM

17th-18th May 2017

Draft Agenda

Day 1 (Wednesday, 17th May, 14:00 – 18:45)

1. Introductory remarks [14:00 – 14:15]

Chair, Klaus-Dieter Borchardt, DG Energy

Mr Guido Bortoni, President of the Autorità per l'energia elettrica il gas e il sistema idrico

2. The Clean Energy Package for All Europeans: selected topics for discussion

2.1. Revision of the Renewables Directive for the period after 2020 [14:15-15:15]

- Creating a market based framework for support schemes that facilitates cross-border participation.
- Boosting renewables deployment in the transport and heating and cooling sectors.

Presentation by EC, reactions by Eurelectric

2.2. Regional Operational Centers (ROCs) [15:15 – 16:15]

- Presentation and discussion on the proposals concerning ROCs

Presentations by EC and Jean-Michel Glachant, reactions by ENTSO-E, ACER, Eurelectric

– Coffee break –

2.3 Coordination of national policies to prevent and mitigate crisis situations in the electricity sector [16:45-17:45]

Presentation and discussion on the main building blocks of the proposal for a new Regulation on risk preparedness:

- Regional assessments
- Risk preparedness plans
- Regional agreements
- Common crisis management rules

Presentation by EC, reactions by ENTSO-E, ACER

2.4 Institutional framework [17:45-18:45]

- Presentation and discussion on the proposals on the role and status of ACER, ENTSO-E and of an EU DSO entity

Presentation by EC and open discussion

– End of day 1 –

Day 2 (Thursday, 18th May, 09:00 – 16:15)

2. The Clean Energy Package for All Europeans: selected topics for discussion

2.5 Upgrading wholesale markets [9:00 – 10:15]

- Bidding zone review and capacity calculation
- Priority dispatch and balance responsibility
- Capacity Mechanisms, including EU adequacy assessments and the balance with the State aid Guidelines

Presentation by EC, reactions by ENTSO-E, ACER, Eurelectric

2.6 Upgrading retail markets [10:15-11:30]

- Access to flexibility at distribution level
- Demand response and compensation

Presentation by EC, reactions by ENTSO-E, ACER, Eurelectric, EDSO for smart grids (on access to flexibility) and SEDC (on demand response and compensation)

– Coffee break –

3. Update on network codes [12:00-12:45]

- Observations from the Chair on network code implementation and monitoring, following the European network codes conference
- Update by Europex and ENTSO-E on XBID

– Lunch break –

4. Electricity market developments in the Energy Community [14:15-14:30]

- Update by the Energy Community

5. Flexibility and variability in a highly integrated system – the Nordic experience [14:30-15:00]

- Presentation by the Nordic TSOs on the basis of their joint report "Challenges and opportunities for the Nordic power system"

– Cocktail –

6. Conclusions [15:30-16:15]
