

*Increasing liquidity in Ukraine -
gas exchange project*

Predrag Grujičić, Head of Gas Unit

Ukrainian gas market in line with EU Energy Acquis

Fully functioning (clearing) gas exchange establishment in Ukraine

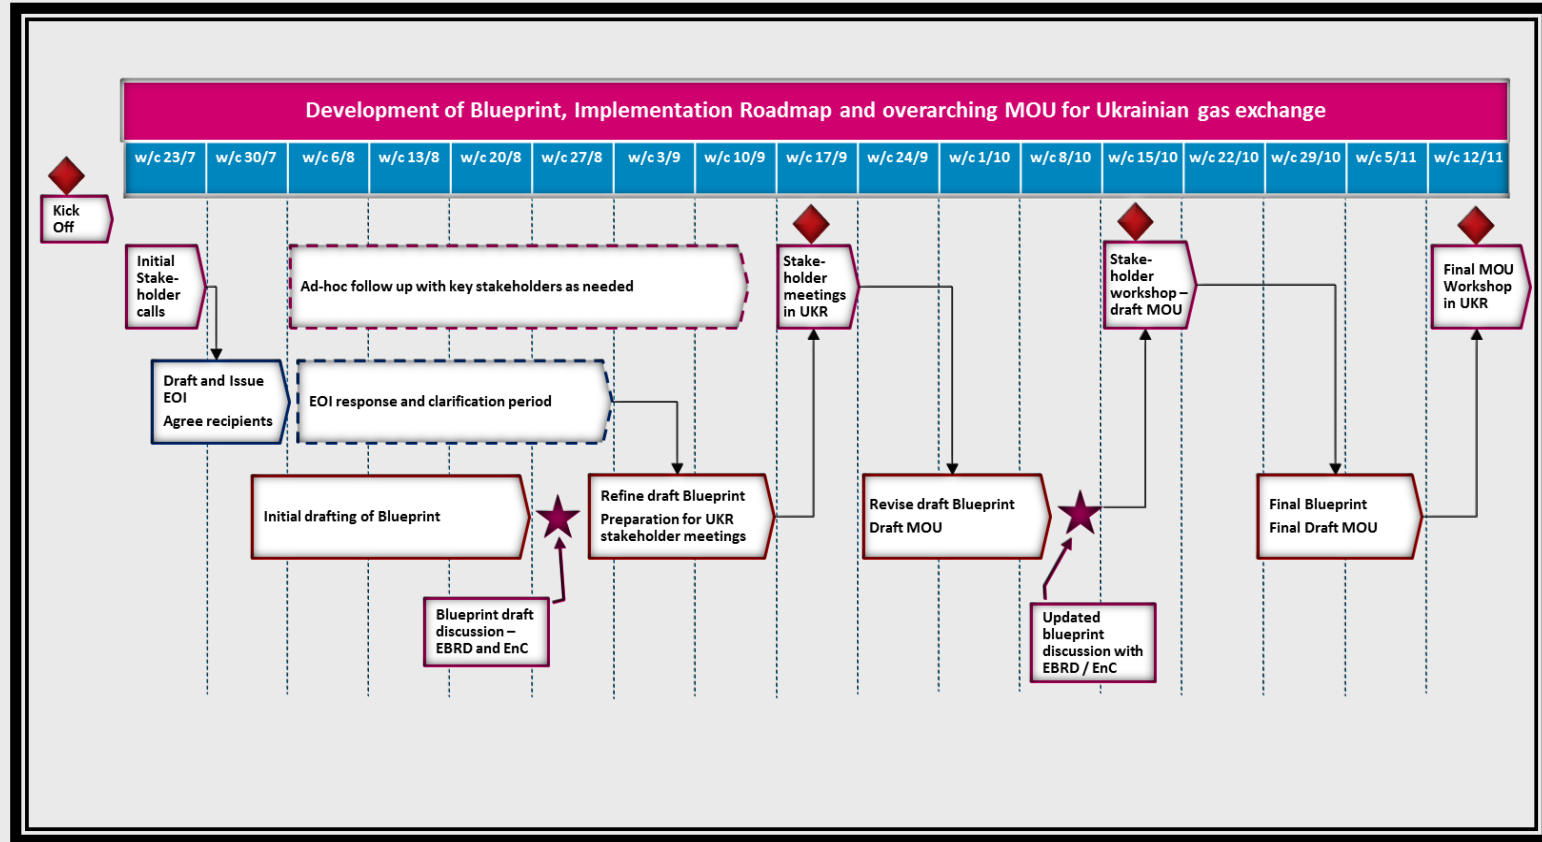

Kicked off on 1 August (EBRD, EnCS funded)

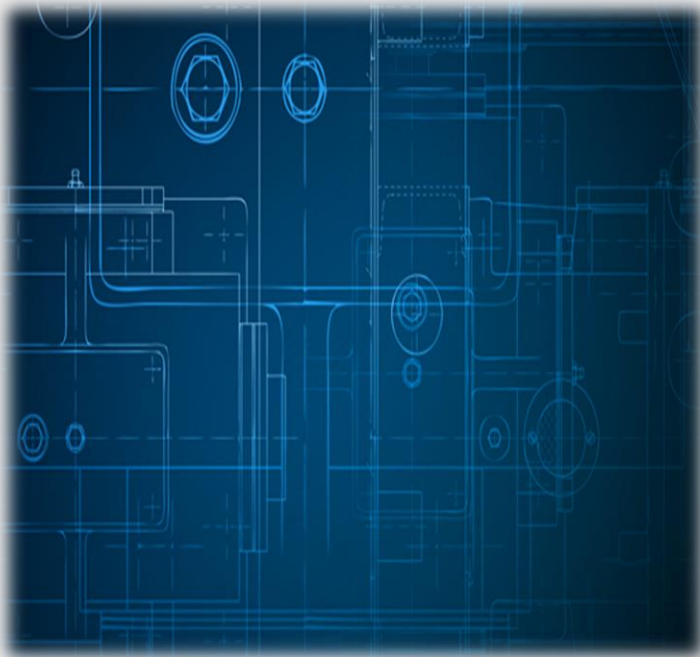

Expression of Interest process

Different stakeholders, Ukrainian and foreign (exchanges, clearing houses, banks, TSOs, market makers, service providers, IFIs)

Interest is evident; a lot of work ahead

In parallel: Assistance to the National Securities and Stock Market Commission in harmonising Ukraine's legislation for organised trading for financial and commodity products (EU Delegation)

- 1. Role of Exchange*
- 2. Structure*
- 3. Services and Products*
- 4. Policy and Regulatory Framework*
- 5. Liquidity Support*
- 6. Service Provision*
- 7. Implementation Roadmap (development)*

The background is a satellite-style image of the Earth at night, showing city lights. Overlaid on this are numerous glowing blue lines that represent energy transmission or a network, curving across the globe.

*Thank you
for your attention!*
